Report of Officers

Secretary - Trevor

- "I still have nothing new to say."

Treasurer - Tadashi

- We need the cheque from FAS.
- About \$300 still unallocated.

VPA - Curtis

- "I'm not entirely sure what to report upon. What does anyone want to know from me?"
- Put on movie night. Thinks it was cars.
- There is going to be a lan party.
- Previous callendar has exhausted it's usefulness. Will have to put out a new one.

VPR - Tim

- Pop machine has been running ok. Managed to alleviate the problem with having no A&W or Nestea cool.
- Copier is not going ok and has been a pain in the ass. Ran out of paper so ordered more which came early (wed). But now the machine itself doesn't work. Minolta people will be here Friday.
- Unloading more responsibilities to Anto.
- Also, society owes me \$5 because I bought a ream of paper before knowing that our paper had arrived. Got it at cost (1c per page) because I'm that good (demos himself undressing)

Exec at Large - Justin

- Pop machine is fine.
- Back room is clean.
- "I am 2 weeks older since last update."
- Curtis: "Happy 2 week day to you"

Merch - Angelina

- Sold 6 things last time she sold.

President - Jen

- Being doing administrative stuff.
- Reading e-mails.
- Forgetting to pass stuff onto Anto.
- Execs are having a meeting on Monday.
- Another volunteer opportunity:
 - Something for top highschool students get to visit the university.
 - Volunteers are paid so it is not actually volunteering.
- CS Community awards ceremony tomorrow night.

VPO - Anthony

- Spent the last 2 weeks trying to find Tracy. Maybe should set a trap for her.
- Awards ceremony is tomorrow.

Printer Update

- Curtis: “I set it up. Now someone needs to go there with \$50 to get the printer”
- Jen: “Nobody’s done that yet”
- Yang: “Damit Timbo”
- Tim: “It’s called forgetting”
- It’s going to happen eventually.

Common Room Upgrades - Jen

- Things that still need to be done:
 - Cameras
 - Curtains
 - Boards
 - Keys to cabinets
 - We still need to find Tracy to find out about this stuff.
- Eugene had sent an e-mail mentioning that Facilities has some website where you can put in job numbers to see their status.

Games Night - Curtis

- Possible games night: July 7th. Tentative
- Do we need money?
- Talk about it now. Give money later when we actually have it.

Lan Party - Curtis

- Friday.
- That is the day after tomorrow.
- Everybody is coming.
- Bring equipment please. Don’t beg for stuff.
- Curtis has created a list of games, burnt them to cds, drew custom art on each. Then found out the zip files were borked and threw himself off a bridge.
 - Tribes
 - Bontango
 - Tremulous (heard it is: Bundles of fun)
- People should also bring their “own copy” of Age of Empires 2.
- Don’t bring starcraft!
- Recap: Come to the lan party.

FroshWeek - Yang

- “Oh...”
- I think we had a meeting to talk about events. We have events roughly planned out.
- I think we had a meeting about the booklet. The booklet is mostly planned out.
- Nick from surrey was supposed to be here to talk about surrey but he's not.

Open Floor

SFSS Arcade - Heather

- SFSS is thinking of trading in old arcade games to get new ones. Looking for a list of games to replace them with:

- George advocates drum mainia over ddr. Curtis: “Ever heard of the countries libia, turkey? Those countries are less important than DDR”
- Lots of other suggestions thrown around.
