1 Report of Officers

1.1 President (Dave)

- Not much to report.

- We have \$2400.

1.3 Vice President of Activities at Burnaby (Ted)

- Games night last Friday went well. There was a pretty good turnout.
- He needs to be reimbursed for pizza.
- Soccer Saturday went well too. He will do it again at least once.
- Grouse Grind trip will be on the 27th of June.
- Wings Night next Wednesday 24 June at the Highland after CMPT320 (8:30pm). The CSSS will not be forwarding any money. It's just a meet up.

1.4 Vice President of Resources at Surrey (Chris W.)

- FroshOne planning is ongoing. He is currently trying to get money from the school and faculty.
- There will be a disgusting eating contest which seems to be popular.
- Needs someone to help setup SSH at Surrey to connect with Burnaby.

1.5 Secretary (Ryan)

- Nothing interesting.

1.6 Vice President of Activities at Burnaby (Colin)

- His report is read in as he has class.
- Not much to report other than how pop has been low lately.

1.7 Vice President of Operations (Curtis)

- Benton is writing a new curriculum for CMPT275. Send him any feedback or questions.
- Has an outline of the sponsorship policy plan.
- BBQ is budgeted at \$1500 in total.

2 Committee Updates

- Curtis reminds everyone of the policy committee meeting happening right after this meeting.
- Chris P. says no one came to his publishing committee meeting so he will reschedule it for later.

3 FroshWeek Status

- We have one sponsorship so far.
- The school has confirmed a commitment of \$500.
- Antonio asks if we could do a SFSS orientation to the Frosh.

4 Pop Price Increase

- Proposal is to increase pop price by \$0.25 to \$1.00.
- We currently don't make much money, any increase in costs will cause us to lose money.
- We currently make \$60 a week. We could make \$235 a week.
- Pros: We would make more money. We wouldn't lost money. We could do more things and sponsor more events.
- Cons: The price goes up. Pop machine is a service, not a profit machine. An increase in funds may corrupt us.
- Lots of forewarning is a good idea to not cause any panic.
- Chris motions to increase the price on Coca Cola, Coke Zero, Nestea Vitao, Barqs, Fruitopia and Minute Maid by \$0.25. Dave moves to amend the motion adding that pop price changes will not take affect until one day following the next meeting. Ted seconds. Amendment passes. Dave opposes the main motion. Colin H. abstains. *Motion passes.*

5 BBQ

- There are some papers Curtis needs to get in by Friday.
- Someone needs to get Serving It Right. They can do it online.
