3 BuildSFU Discussion

- Kenneth motions for Corbett to chair meeting
 - Gary seconds.
 - Motion passes
- Moe introduces himself. VP University Relations for the SFSS. Wants to hear from No Build first.
- Colin takes the floor.
 - in 2012 the vote won by 4.6% (At the time there was no No Campaign)
 - allegedly wrong information on the nobuild website has not been corrected by SFSS or buildsfu, nor has nobuild been contacted by the sfss or buildsfu
 - Should be referendum/multi-day style. But you have to go to the general meeting on Wednesday Jan 21st
 - ~\$1000 extra dollars a degree
 - Mechatronics/Surrey students not happy about paying for buildsfu
 - We have a student union building: Maggie Benston Centre. MBC funds repurposed.
 - Lost main management of the MBC. Lost lots of floors in MBC
 - New SUB would have 50 yr lease. We would not own it. Nothing to stop the university from doing what they want with the SUB.
 - No lease on the stadium. But we would pay for it: an extra \$10 million. We would not run it, the university would, and keep the profits it makes.
 - Also paying for maintenance.

- Current incarnation of the SUB has issues
- Moe takes the floor.
 - Responds to some issues Colin brought up
 - Moe leaves at 7:05 PM
- Jade takes the floor.
 - “I don’t think it’s right for the CSSS specifically to take sides because I see some who are really against/for build SFU.”
 - Brought up and clarified recompensation (buildSFU fee) for low income students through the bursary system.
- Colin, Jade, Eric, and Mark Leave the room
- The room discusses
 - By Laws are very messy
 - Corbett has concerns about the building design and project quality
 - Consultation happened 2 years ago; no longer current
 - Jeff asked about the MBC information. We have no information on it. (in the room)
 - If the SFSS takes out a loan it will be under the SFSS. A guarenter is probably going to be the school. So if we run out of money, SFU takes it over.
- A vote is held for the following: “Do you support the CSSS taking a stance on the buildSFU debate?”
 - Kenneth motions to vote by secret ballot
 - * Motion passes
 - Results: Yes: 6 No: 18 - We will not take a stance on the BuildSFU debate.

4 Open Floor

- Kenneth motions for up to \$360 out of our bank account for a magic draft on the 30th of January
 - Colin Seconds
 - Motion passes
