

### Responsibility in Ed. report:

- re: weapons research;
  - Although major push is from physics, etc.,
  - large part from computing.
- Implementation of computerized bibliography
- library's database search

Should give input to above.

Should get cmpt profs to lecture in lecture series

Brian will continue to be involved

### Weekend conference:

- SFU has higher average age of students.
  - more part-time students trend for future.
  - other universities will "look" like SFU in 10 yrs or so.
- Autonomy addressed by colleges & universities - both have different def'n's

Cmpt should lead way in university excellence.

### T-shirts/Jackets:

- look into ordering for next semester
- talk to Bus. Admin. Student Union.

### Common Room:

- need more people cycling thru.
- talk to Wu Shen, etc. for space in Applied Sc. Bldg.
- keep pushing for guaranteed space, even though they have already promised it.

### Exam File:

- not many exams
- profs not very generous w/ donations
- need more.

## CSIL

- talks w/ Wo Shen
  - spread due dates - "can't spread too much"
  - rotation schedule for terminals
    - new system implemented: max. 3 hrs/7d/day
- extend CSIL hours - not too likely
- 3hr thing has problems: free terminals when everyone gets bumped off.
- take suggestions for improvements on 3 hr system.  
(suggestion box in CSIL)

Motion to ask SFSS for up to \$200 for a locking filing cabinet. Moved by Rob Clift, seconded, passed.

SFSS wants attendance at BOG meeting tomorrow nite to back up their demand to not increase fees.

Next meeting: 2 wks from now, same place, time.

Should start on social preps now?

Mid March?

2-3 wks from this Friday?

Pub sem. rm.?

Friday afternoon?

Help: Glen
