

CSSS SOCIAL PROPOSAL OPERATION "CARNIVAL"

Goal: To make August 2nd, the last day of school, have a fun, party atmosphere, where students can relax after their last classes without thinking of the impending doom of exams.

FOOD: Burgers and ice cream.

Supplies needed: burgers, burger buns, condiments, napkins/plates, hot dogs, veggie burgers, BBQ supplies, ice cream cones, ice cream scoop(s), ice cream itself.

Estimated costs/required budget: ~~500-700\$~~
300, but will be recuped.

Volunteers: (3+)

Requires one cook, one icecream person, and one cashier at the very least.

For the BBQing, investigations will be made as for the requirements.

ATRUIM EVENTS:

Event #1: Balloon drops (2)

Giving away prizes of free food/pop/video games/and so on.

Budget per drop: \$150.

Total Budget: \$300

Volunteers: (6ish)

Only required during balloon drops.

Event #2: Carnie-mall

Along the atruim where the couches are, will be setup a number of "sideshow" games like those typically seen at carnivals. These will be either constructed or rented, based on cost. The prizes involved will be tickets for the granddraw and/or minor prizes like free burgers or pop. Like the carnie games, prizes can be upgraded up by winning X prizes, upgraded prizes still to be determined. However, ratio can be quite high (thinking N tickets: free food; M free food: bigger prize and such (maybe a golden raffle ticket (one guaranteed win).

Budget: \$600 (including allocated prizes)

Volunteers Required: 1 per booth (~4-6?)

Event #3: Geek Olympics.

As established prior to this social, we will have a competition of stupid human tricks, demonstrating how high of a tower one can build, how much coke one can take, or how many midterms one can hide in one's jacket. There will be prizes for the winning teams, of course.

Budget: \$100 for supplies, \$200 for prizes

Volunteers needed: (~4) at the time of the olympics.

Event #4: The Great Draw

A draw at the end of the day to give out prizes won in the carnie-mall and other assorted feats, with some fanfare and razzle.

Estimated costs: all ready accounted.

Volunteers: (2-4) but other events will have ended.

Event #5: Video game corner.

We could rent some games, talk to x-box, and put stuff in a corner. It a possibility, especially if we are underbudget with the other items.

Estimated Costs: \$70-200

OUTDOOR EVENTS: (right outside the atruim)

Music, seating, tables. The idea of this area will be to allow those who have purchased food to eat it in a social environment. Ideally we have music going, something up to block out the sun and make a nice, shaded area. Perhaps we could supply fizzbes for such things.

Estimated Costs: Mimimal

Volunteers: if set up across from the BBQ, this should be a relatively "unsupervised" area.
